Extraordinary Purchase of 425 Women's High-Class Tailor-Made Suits at 50c on the Dollar!

Unusual conditions make possible this remarkable sale of women's tailored suits at 50c on the dollar—the greatest event of its kind in the history of Washington retailing. Here are the facts: Hot weather during the entire month of September played havoc with the hopes of suit manufacturers. Not only did orders fail to come, but many retail firms throughout the country canceled orders for garments given earlier in the season.

One of the largest suit manufacturers in New York city was caught with a big stock of women's suits on hand, and was compelled to convert it into cash to carry on his business and keep his hands going. Knowing our big outlet he offered us his stock of 425 tailored suits at a cash figure representing about half original value.

SUCH A SALE AS THIS—COMING RIGHT AT THE BEGINNING OF THE SEASON—HAS NEVER BEEN EQUALED IN WASHINGTON. As the result of this unusual purchase you will be able to secure a stylish fall suit tomorrow at a price as low, if not lower, than you would have to pay in December.
